MD ANDERSON YMCA REBUILD

TIRZ-21 INFRASTRUCTURE MEETING

OCTOBER 20, 2023

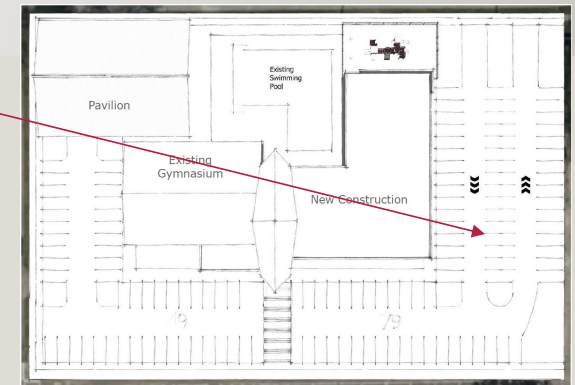

DIEGO ARIAS / MDA YMCA REBUILD TASK FORCE (RTF) CHAIR

DIANA LERMA-PFEIFER / ADVISORY & RTF BOARD MEMBER

BACKGROUND

- On 5/30/23, a preliminary design for the MDA YMCA rebuild was presented. The design approach shared involved starting with the vision, which architects would design to once defined. The design process was communicated to be iterative, with inputs from the board requested.
- Initial design drivers included:
 - \$16-18M budget
 - 2 floors plus basement with possible roof top amenities
 - Lose grass field to building space and asphalt parking lot
 - An estimated 138 parking spots minimum would be needed
- Our community is growing, and so are issues with traffic and homelessness. Our YMCA is essential in dealing with these challenges by providing a variety of programs and services, and by being the **safe** place in our community for our kids and families.
- Youth programs like Girls On The Run (GOTR), Youth soccer & basketball, annual Easter Egg hunt, / Fall Festival / and Posada, Dynamo clinics & more in work (TIRR adaptive sports, etc.); Services like tax help, computer basics, etc.

Old concept design. The new one will be presented in Nov and will keep the field

SUMMARY

- The Greater YMCA has committed to rebuilding the MDA YMCA, but no money is available due to debt incurred from not having a capital campaign associated with previous rebuilds
- However, the Greater YMCA has put resources to preliminary concept design, fundraising, working with the community to understand needs, and finding partnerships to invest in the growth and health of the community
 - Some examples: Sylvia Garcia's FY24 Community Project earmark fund, many private donors, several other city/state agencies as well as local organizations that share similar goals and communities such as ours
- Investing in our community Y is a contribution that enables the existence of a facility with resources for programs and services that members and non-members can safely enjoy and experience

REQUEST

- Partnerships will be key to a successful build. As TIRZ-21 is in our district, we would like to understand the process and probability of TIRZ-21 assisting us with infrastructure development related to exterior expenses associated with proper lighting, visual aesthetics, and installing updated sidewalks that would meet the newest ADA standards.
- These cost savings could in turn create more room in the overall build budget for greater experience related to services for our members, for example a state-of-the-art Maker space for our youth, or a heated pool to accommodate an expanded aquatic schedule.
- Its our belief that these enhancements would create opportunity for a larger membership base, which in turn increases our profitability, which in turn provides greater tax incremental dollars back to the TIRZ.
