Also present were Ralph De Leon of TIFWorks LLC; Clark Lord of Bracewell LLP; Muhammad Ali of Gauge Engineering; Michael Robinson of the SWA Group and Carlos Sanchez of the Near Northside Management District. There were no members of the public present.

- **1. Establish quorum and call to order.** Director Reyes performed a roll call and noted that a quorum was present. He called the meeting to order at 9:10 a.m.
- 2. Public Comments. There were no public comments.
- **3.** Approve Minutes from last meeting. The Board considered approval of the minutes of October 25, 2021. Following discussion, upon a motion made by Director Zamarripa, and seconded by Director Bustamante, the Minutes were approved by unanimous vote.
- 4. Financial and bookkeeping matters, Financial Report and payment of bills. Mr. De Leon reviewed current invoices. After review and discussion Director Quiles motioned to approve payment of current invoices, which was seconded by Director Zamarripa, and which passed by unanimous vote.
- 5. Texas Capital Bank Governmental, Not-For-Profit & Institutional Account. Mr. De Leon and Mr. Lord informed the Board that BBVA Bank, the Authority's bank, was purchased by PNC Bank. Subsequently, Mr. De Leon and Mr. Lord provided an overview of Chapter 2256 of the Texas Government Code, the Public Funds Investment Act, and the need for the Authority to identify a banking institution familiar with the criteria of the Act

and which specializes in financial services required of governmental entities such as redevelopment authorities. Through research, Mr. De Leon identified Texas Capital Bank as a preferred candidate and Mr. Lord concurred. After review and discussion Director Quiles motioned to close the Authority's accounts at PNC Bank and move all Authority funds, less deposits held at Texas Class, to Texas Capital Bank, which was seconded by Director Zamarripa and passed by unanimous vote.

- 6. Joint Participation Agreement by and between Harris County, Texas and Hardy/Near Northside Redevelopment Authority, related to Partnership Project Matching Grant for Pinckney Street Trail Connection Project. Director Bustamante and Mr. De Leon provided an overview of the Harris County Precinct Two Matching Grant Program and the Authority's success at being selected as a grant recipient. Additionally, Director Bustamante reported on subsequent due diligence, the Pinckney Trail Project, and the need for the Authority to enter into a joint participation agreement with Harris County to finalize the transaction. After review and discussion Director Bustamante motioned to approve the Joint Participation Agreement with Harris County, which was seconded by Director Zamarripa and passed by unanimous vote.
- 7. Resolution Regarding Required Development Agreement Provisions. Mr. De Leon provided an overview of the City's Developer Participation Program ("DPC"), which provides an incentive for developers to seek reimbursement directly from the City for certain public sanitary and water systems constructed by the developer and conveyed to the City upon completion. Additionally, Mr. De Leon reported that DPC reimbursements from the City to developers do not conflict with reimbursements provided to developers by the Authority, and inclusion of standardized DPC requirement language in future public infrastructure agreements entered into by the Authority would benefit the Authority by requiring developers to seek the additional reimbursement from the City, thus lowering the amount of the Authority's reimbursement on any given developer project that qualifies for a DPC. After review and discussion Director Zamarripa motioned to adopt the DPC Resolution, which was seconded by Director Quiles and which passed by unanimous vote.

#### 8. Term Sheet – MP White Oak Apartments, LLC Agreement:

a. Letter to Developer MP White Oak Apartments, LLC. Mr. De Leon reported that he and Director Ortiz have worked with Chris Yuko of Marquette Company on mutually agreeable terms and conditions needed for a requested developer reimbursement agreement between the Authority and Marquette related to a mixed-use development and adjacent multi-family development to be constructed on Keene Street near the intersection of Fulton Street and Main Street. Mr. De Leon reported that the original draft document had been submitted to Mr. Lord and Ms. Buzak at Bracewell for final review and drafting, and that the developer had also requested a letter of intent from the Authority for presentation to its lender. Mr. Lord then provided an overview of the term sheet and letter to the Developer. After review and discussion, Director Zamarripa motioned to approve the term Sheet and letter to Developer MP White Oak Apartments, authorize Mr. De Leon to distribute both documents to Marquette, authorize Bracewell to draft the developer reimbursement agreement and negotiate final provisions as/if needed with Marquette, and to bring back the final document to the Board for approval upon its completion. The motion was seconded by Director Bustamante and passed unanimously.

- 9. Presentations, reports, or updates from the Directors, consultants, City of Houston Staff, or others regarding development in the Authority and the Zone and implementation of Project Plan and Reinvestment Zone Financing Plan including:

  - b. Parks Committee Report Director Ortiz and SWA Group. Mr. Robinson reported the first community engagement events had occurred on November 3, 2021, and November 13, 2021, and the public comments and information gained had been incorporated into the report provided to the Board. Additionally, Mr. Robinson informed the Board the second Board workshop related to mobility, connectivity, streetscape enhancements and greenspace opportunities in the Zone would occur immediately after the Board meeting.
  - c. Major Thoroughfare Amendment Application Director Large & Administrator. Mr. De Leon and Director Large provided a brief overview of the proposed Fulton Street-San Jacinto Street connector project included in the Major Thoroughfare Plan and detailed the irreparable damage the project would do to the community, including the displacement of residents. After review and discussion the Board agreed to seek an amendment to the Major Thoroughfare Plan seeking removal of the overpass from the Plan.
  - d. Hybrid Board Meeting, Avenue Community Development Corporation & Greater Near Northside Management District Conference Rooms Chairman. Director Reyes suggested broadening the options of how Board meetings were held to include optional hybrid virtual and in-person meetings. Mr. Lord provided an overview of the statutory requirements associated with hybrid meetings. No action was taken.
  - e. DBA General Counsel. Per discussion which occurred at the September 2021 Board meeting, Board members submitted proposed revised names for the Authority. After review and discussion Director Bustamante motioned to change the name of the Authority to the Near Northside Redevelopment Authority and authorized the Attorney to conduct all activity needed to complete the task, which was seconded by Director Quiles and which passed by unanimous vote.

The Act provides that the Zone Board may enter into agreements as the Zone Board considers necessary or convenient to implement the Project and Financing Plan and achieve its purposes.

The City, the Zone and the Authority have entered into that certain agreement approved by Ordinance No. 2009-1271, passed and adopted by City Council on December 9, 2009 ("Hardy/Near Northside Agreement"), pursuant to which the City and the Zone contracted with the Authority to administer the Zone including, but not limited to, the power to engage in activities relating to the acquisition and development of land, to construct and improve infrastructure in the Zone, to enter into development agreements with developers/builders in the Zone, and to issue, sell or deliver its bonds, notes or other obligations, in accordance with, and subject to the limitations set forth in, the Hardy/Near Northside Agreement.

If the Authority has already repaid the Developer for such ineligible Project Costs in accordance with this Agreement, the parties hereby agree that (i) the amount repaid by the Authority for such ineligible Project Costs shall be offset against future repayments by the Authority, or (ii) in the

event there are not future repayments to be made by the Authority, or such amounts are insufficient, the Developer shall reimburse the Authority for such amount owed within thirty (30) days of receipt of an invoice from the Authority.

### ARTICLE 6

6.1 <u>Developer Advances</u>. Developer shall advance, or cause to be advanced, sufficient funds as such become due for all Project Costs arising in connection with the Public Works and Improvements, including, without limitation, all costs of design, engineering, materials, labor, construction, and inspection thereof (each, a "Developer Advance"). Each Developer Advance shall be evidenced by a certificate in a form acceptable to Developer and the Authority Board and shall be approved by the Authority Board. A copy of an agreed upon procedures report prepared by Authority's auditor following the Completion of the Public Works and Improvements verifying the costs of and payment for such Public Works and Improvements will comply with this Section.

6.2 <u>Reimbursement Request</u>. Upon Completion of the Project and the Public Works and Improvements, Developer may submit a request to the Authority for payment of the Authority Contribution. With such payment request, Developer shall deliver to the Authority the following items:

H. Evidence that all contractors, subcontractors, laborers, materialmen, architects, engineers and all other parties who have performed work on or furnished materials to-date have been paid in full, together with executed and delivered releases of lien or customary affidavits executed by such contractors;

I. A certificate executed by an officer or other party authorized to bind Developer certifying that all contractors, subcontractors, laborers, materialmen, architects, engineers and all other parties who have performed work on or furnished materials to-date have been paid in full; and

J. Evidence of efforts relating to participation of Minority Business Enterprises and Women Business Enterprises as set forth in Section 4.5.

On or before September 30 of each year beginning with the year in which the first installment of the Authority Contribution is to be paid, in the event that all conditions described in Section 6.2 have been met, the Authority shall pay Developer annual installments from the Available Tax Increment subject to the limitations in the following sentence, beginning November 1 in the year such Available Tax Increment is paid to the Authority following Completion of the Project and the Public Works Improvements and on November 1 of each year during the term of this Agreement (as defined in Section 9.13). The Authority Contribution shall not exceed the lesser of (i) \$3,063,663; (ii) the actual Project Costs minus any amount paid for from a DPC (as further provided in Section 6.4 of this Agreement); and (iii) the Available Tax Increment for the Project through and including the Outside Contribution Date. Developer acknowledges that (i) the Available Tax Increment for the Project through and including the Outside Contribution Date may be less than the actual Project Costs incurred by Developer; (ii) the Authority owes no obligation to pay the full amount of the Available Tax Increment pledged to the Developer under this Agreement, if the Available Tax Increment has not been collected; and (iii) Developer may not look to any other source of funds other than the Available Tax Increment for reimbursement for its payment of the Project Costs under this Agreement.

6.4 <u>Offsets</u>. Developer agrees that it will seek reimbursement from the City for Project Costs eligible for payment by the City under the City's DPC program to the maximum extent allowed by the City thereunder. Costs reimbursable to Developer under this Agreement shall be reduced to the extent that those Project Costs are reimbursed to Developer under a DPC or similar agreement, or are contracted to be reimbursed thereunder. Developer agrees to provide the Authority with a copy of each DPC executed by the Developer covering otherwise eligible Project Costs and the obligations of the Authority to reimburse Developer will be decreased by the amount of the City's payments thereunder.

## 6.5 <u>Sale or Assignment</u>.

A. Following Completion of the Project and Completion of the Public Works and Improvements, provided that no Event of Default then exists, Developer shall have the right, without the Authority's consent, to transfer or sell the entirety of the Project, subject to the conditions set forth herein. Developer shall give the Authority written notice of any such sale or transfer within thirty (30) days of the occurrence of the same along with copies of the documents described in the following sentence. In connection with any such sale or transfer, Developer shall assign this Agreement and the Maintenance Agreement to a purchaser or transferee of the Project; provided, however, no assignment of this Agreement and/or the Maintenance Agreement shall be binding upon the Authority (and the transferor shall not be released from Developer's obligations under this Agreement and/or the Maintenance Agreement, as applicable) unless and until the Authority has received all of the following items: (a) a copy of the fully-executed assignment (which assignment shall include an assumption by the purchaser or transferee of all obligations of Developer under this Agreement and/or Maintenance Agreement, as applicable, to the extent accruing from and after the date of such assignment), (b) a copy of the assignment and assumption of the Maintenance Agreement recorded in the Official Public Records of Harris County, Texas, and (c) a copy of the executed and recorded deed conveying the Project to the purchaser or transferee along with current contact information for the purchaser or transferee. Developer shall not be released from its obligations under this Agreement and the Maintenance Agreement accruing prior to the date of any such sale or transfer or after the date of any such sale or transfer if the foregoing conditions are not fully satisfied.

B. Notwithstanding the foregoing, Developer shall be entitled to collaterally assign its rights and responsibilities under this Agreement to a commercial bank or lender which provides financing for the construction of the Project (each, a "Lender"), provided that Developer provides to the Authority a fully executed copy of any such collateral assignment and the name and contact information of the Lender. With regard to a collateral assignment to a Lender for which the Authority has received notice from Developer as described in the immediately preceding sentence, the following provisions shall apply:

The Authority shall give to the Lender, at the address of such Lender set (i) forth in a notice from such Lender or from the Developer and otherwise in the manner required under Section 9.4 hereof, a copy of each notice given by the Authority to the Developer hereunder (including any and all Event of Default notices) at the same time as and whenever any such notice shall thereafter be given by the Authority to the Developer, and no such notice by the Authority shall be deemed to have been duly given to the Developer (and no cure period shall be deemed to have commenced) unless and until a copy thereof shall have been given to each such Lender. Each Lender (a) shall have a period of an additional thirty (30) days in the case of any Event of Default, after the applicable period afforded the Developer hereunder for remedying the Event of Default has expired, to cure such Event of Default and (b) shall, within such period and otherwise as herein provided, have the right (but not the obligation) to remedy such Event of Default or cause the same to be remedied. The Authority shall accept performance by or on behalf of a Lender of any covenant, condition or agreement on the Developer's part to be performed hereunder with the same force and effect as though performed by the Developer, so long as such performance is made in accordance with the terms and provisions of this Agreement.

(ii) With respect to any Event of Default, so long as a Lender shall be diligently exercising its cure rights under this Section 6.5(B) with respect thereto within the applicable cure periods set forth above, the Authority shall not (a) serve a termination notice hereunder, or (b) bring a proceeding on account of such Event of Default to terminate this Agreement or the rights of Developer hereunder. Nothing in this Section 6.5(B) or in any other provision of this Agreement shall, however, be construed to require any such Lender to cure any Event of Default by the Developer under this Agreement.

(iii) The exercise of any rights or remedies of a Lender under its financing agreement with Developer, including the consummation of any foreclosure or deed in lieu of foreclosure, shall not constitute a default under this Agreement.

(iv) In the event any Lender acquires title to the Property through foreclosure of a mortgage, deed in lieu of foreclosure or otherwise, such Lender shall be deemed to be an assignee of the Developer under this Agreement provided that such Lender assumes in writing the obligations of the Developer hereunder. No Lender shall become liable under the provisions of this Agreement unless and until such time as it agrees in writing to assume the obligations of the Developer hereunder.

(v) From and after the date upon which the Authority receive a notice from the Developer or a Lender which identifies the particular Lender, the Authority shall not amend or modify this Agreement in any material respect without the prior written consent of the Lender covered by such notice.

(vi) The Authority shall, upon written request of the Developer or any Lender, execute and deliver any estoppel certificate reasonably requested by any such party pursuant to which the Authority shall certify as to any information with respect to this Agreement and the parties' obligations hereunder as reasonably requested by the Developer or a Lender (including, without limitation, that no party is in default hereunder, that no default or termination notice has been delivered, and that there are no modifications or amendments to this Agreement).

# ARTICLE 7

7.1 <u>Insurance</u>. With no intent to limit any contractor's liability or obligation for indemnification, Developer shall require that each contractor providing work or service on the Public Works and Improvements provide and maintain certain insurance in full force and effect at all times during the construction of the Public Works and Improvements and shall require that the City, the Authority, and the Zone are named as additional insureds under such contractor's insurance policies.

Coverage	Limit of Liability

Professional Liability Coverage (for professional service contract only)	\$500,000 per occurrence \$1,000,000 aggregate		

If the amount of any contract awarded by Developer to construct Public Works and Improvements shall exceed \$1,000,000, Developer shall contract with the contractor to maintain Commercial General Liability coverage for at least twice the combined minimum limits specified above.

A. <u>Form of Policies</u>. The Authority Board may approve the form of the insurance policies, but nothing the Authority Board does or fails to do relieves Developer of its obligation to provide the required coverage under this Agreement. The Authority Board's actions or inactions do not waive the Zone's or Authority's rights under this Agreement.

B. <u>Issuers of Policies</u>. The issuer of each policy shall be a carrier that is authorized or eligible to do business in the State of Texas by the Texas Department of Insurance or a legally established self-insurance pool in the State of Texas. D. <u>Deductibles</u>. Developer shall be responsible for and bear (or shall contract with each applicable contractor to bear and assume) any claims or losses to the extent of any deductible amounts and waives (and shall contract with each contractor to waive) any claim it may have for the same against the Authority or Zone, its officers, agents, or employees.

E. <u>Cancellation</u>. Each policy must state that it may not be canceled, materially modified, or nonrenewed unless the insurance company gives the Authority 30 days' advance written notice. Developer shall (and shall contract with each contractor to) give written notice to the Authority within five days of the date on which total claims by any party against such person reduce the aggregate amount of coverage below the amounts required by this Agreement. In the alternative, the policy may contain an endorsement establishing a policy aggregate for the particular project or location subject to this Agreement.

F. <u>Subrogation</u>. Each policy must contain an endorsement to the effect that the issuer waives any claim or right of subrogation to recover against the Authority, its officers, agents, or employees.

G. <u>Primary Insurance Endorsement</u>. Each policy, except Workers' Compensation and Professional Liability (if any), must contain an endorsement that the policy is primary to any other insurance available to the additional insured with respect to claims arising under this Agreement.

H. <u>Liability for Premium</u>. Developer shall pay (or shall contract with contractors to pay) all insurance premiums for coverage required by this Section, and the Authority or Zone shall not be obligated to pay any premiums.

I. <u>Subcontractors</u>. Notwithstanding the other provisions of this Section, the amount of coverage contracted to be provided by subcontractors shall be commensurate with the amount of the subcontract, but in no case less than \$500,000 per occurrence. Developer shall provide (or shall contract with contractors to provide) copies of insurance certificates to the Authority.

J. <u>Proof of Insurance</u>. Promptly after the execution of this Agreement and from time to time during the term of this Agreement at the request of the Authority, Developer shall furnish the Authority with certificates of insurance maintained by Developer in accordance with this Section along with an affidavit from Developer confirming that the certificates accurately reflect the insurance coverage maintained. If requested in writing by the Authority, Developer shall furnish the Authority Representative with certified copies of Developer's actual insurance policies. If Developer does not comply with the requirements of this Section, the Authority, at its sole discretion, may (1) suspend performance by the Authority and the hereunder and begin procedures to terminate this Agreement for default or (2) purchase the required insurance with Authority or Zone funds and deduct the cost of the premiums from amounts due to Developer under this Agreement. The Authority shall never waive or be estopped to assert its right to terminate this Agreement because of its acts or omissions regarding its review of insurance documents.

K. <u>Other Insurance</u>. If requested by the Authority, Developer shall furnish adequate evidence of Social Security and Unemployment Compensation Insurance, to the extent applicable to Developer's operations under this Agreement.

## 7.2 <u>Indemnification and Release</u>.

DEVELOPER SHALL DEFEND, INDEMNIFY, AND HOLD THE CITY, THE AUTHORITY AND THE ZONE, THEIR AGENTS, EMPLOYEES, OFFICERS, AND LEGAL REPRESENTATIVES (COLLECTIVELY, THE "INDEMNIFIED PERSONS") HARMLESS FOR ALL CLAIM, CAUSES OF ACTION, LIABILITIES, FINES, AND EXPENSES (INCLUDING, WITHOUT LIMITATION, ATTORNEYS' FEES, COURT COSTS, AND ALL OTHER DEFENSE COSTS AND INTEREST) FOR INJURY, DEATH, DAMAGE, OR LOSS TO PERSONS OR PROPERTY SUSTAINED IN CONNECTION WITH OR INCIDENTAL TO PERFORMANCE UNDER THIS AGREEMENT, INCLUDING, WITHOUT LIMITATION, THOSE CAUSED BY: A. DEVELOPER AND/OR ITS AGENTS', EMPLOYEES, OR OFFICERS' DIRECTORS', CONTRACTORS' OR SUBCONTRACTORS' (COLLECTIVELY "DEVELOPER'S) ACTUAL OR ALLEGED NEGLIGENCE OR INTENTIONAL ACTS OR OMISSIONS;

If an Indemnified Person or Developer receives notice of any claim or circumstance which could give rise to an indemnified loss, the receiving party shall give written notice to the other party within 10 days. The notice must include a description of the indemnification event in reasonable detail, the basis on which indemnification may be due, and the anticipated amount of the indemnified loss. This notice shall not estop or prevent an Indemnified Person from later asserting a different basis for indemnification or a different amount of indemnified loss than that indicated in the initial notice. If an Indemnified Person does not provide this notice within the 10 day period, it does not waive any right to indemnification except to the extent that Developer is prejudiced, suffers loss, or incurs expense because of the delay.

Developer shall assume the defense of the claim at its own expense with counsel chosen by it that is reasonably satisfactory to the Indemnified Person. Developer shall then control the defense and any negotiations to settle the claim. Within 10 days after receiving written notice of the indemnification request, Developer shall advise the Indemnified Person as to whether or not it will defend the claim. If Developer does not assume the defense, the Indemnified Person shall assume and control the defense, and all defense expenses incurred by it shall constitute an indemnification loss.

If Developer elects to defend a claim, the Indemnified Person may retain separate counsel at the sole cost and expense of such Indemnified Person to participate in (but not control) the defense and to participate in (but not control) any settlement negotiations. Developer may settle the claim without the consent or agreement of the Indemnified Person, unless the settlement (i) would result

in injunctive relief or other equitable remedies or otherwise require the Indemnified Person to comply with restrictions or limitations that adversely affect the Indemnified Person, (ii) would require the Indemnified Person to pay amounts that Developer does not fund in full, or (iii) would not result in the Indemnified Person's full and complete release from all liability to the plaintiffs or claimants who are parties to or otherwise bound by the settlement.

DEVELOPER RELEASES EACH INDEMNIFIED PERSON FROM ALL LIABILITY FOR INJURY, DEATH, DAMAGE, OR LOSS TO PERSONS OR PROPERTY SUSTAINED IN CONNECTION WITH OR INCIDENTAL TO PERFORMANCE UNDER THIS AGREEMENT, EVEN IF THE INJURY, DEATH, DAMAGE, OR LOSS IS CAUSED BY THE INDEMNIFIED PERSON'S CONCURRENT NEGLIGENCE AND/OR THE INDEMNIFIED PERSON'S STRICT PRODUCTS LIABILITY OR STRICT STATUTORY LIABILITY, BUT NOT SUCH INDEMNIFIED PERSON'S SOLE NEGLIGENCE OR FROM ANY DAMAGE OR LOSS TO THE EXTENT RESULTING FROM THE GROSS NEGLIGENCE, RECKLESSNESS OR INTENTIONAL ACT OR OMISSION OF THE INDEMNIFIED PERSON.

DEVELOPER SHALL REQUIRE ALL CONTRACTORS ENGAGED BY IT TO CONSTRUCT PUBLIC WORKS AND IMPROVEMENTS (AND THEIR SUBCONTRACTORS) TO RELEASE AND INDEMNIFY THE INDEMNIFIED PERSONS TO THE SAME EXTENT AND IN SUBSTANTIALLY THE SAME FORM AS ITS RELEASE OF AND INDEMNITY TO THE INDEMNIFIED PERSONS HEREUNDER.

7.3 <u>RELEASE</u>. DEVELOPER SHALL ALSO REQUIRE THAT ALL GENERAL CONTRACTORS INDEMNIFY THE CITY, THE AUTHORITY, AND THE ZONE AND THEIR RESPECTIVE OFFICIALS AND EMPLOYEES FROM AND AGAINST ANY AND ALL CLAIMS, LOSSES, DAMAGES, CAUSES OF ACTION, SUITS AND LIABILITIES ARISING OUT OF SUCH CONTRACTOR'S WORK AND ACTIVITY RELATED TO THE PUBLIC WORKS AND IMPROVEMENTS.

### ARTICLE 8 DEFAULT AND REMEDIES

8.1 <u>Default by Developer</u>. Each of the following events shall constitute an "Event of Default" of the Developer under this Agreement:

A. The failure of Developer to Commence Construction of the Project or Commence Construction of the Public Works and Improvements pursuant to the terms hereof;

B. The failure of Developer to perform any of its obligations hereunder in compliance with this Agreement, including but not limited to its obligations contained in Article 4 and Article 6 of this Agreement, within thirty (30) days after notice of such failure by the Authority to Developer; or

C. Developer filing a petition under any section of the Federal Bankruptcy Code, or any similar state or federal law, making an assignment for the benefit of creditors, or being adjusted bankrupt or insolvent.

8.2 <u>Remedies Upon Default by Developer</u>. Upon the occurrence and during the continuance of an Event of Default of the Developer, the Authority shall have the right, upon written notice to the Developer, to terminate this Agreement in its entirety and shall have no further obligations hereunder, including to provide any reimbursement from the Authority Contribution pursuant to Section 6.3, unless Developer has caused the Event of Default to be cured before the Authority delivers written termination of this Agreement to Developer.

8.3 <u>Default by the Authority</u>. The Authority shall be in default hereunder (each an "Event of Default") if the Authority fails to perform its obligations hereunder within thirty (30) days after notice of such failure by the Developer to the Authority.

8.4 <u>Remedies Upon Default by the Authority</u>. Upon the occurrence of an Event of Default by the Authority and while such remains uncured, Developer may, upon thirty (30) days additional written notice to the Authority, terminate this Agreement, or pursue any and all remedies available to it at law or in equity including, without limitation, damages (but excluding the remedy of specific performance, which is hereby expressly waived).

8.6 <u>No Waiver</u>. No failure or delay of either party in any one or more instances (a) in exercising any power, right or remedy under this Agreement, or (b) in insisting upon the strict performance by the other party of such other party's covenants, obligations or agreements under this Agreement shall operate as a waiver, discharge or invalidation thereof, nor shall any single or partial exercise of any such right, power or remedy or insistence on strict performance, or any abandonment or discontinuance of steps to enforce such a right, power or remedy or to enforce strict performance, preclude any other or future exercise thereof or insistence thereupon or the exercise of any other right, power or remedy. The covenants, obligations, and agreements of a defaulting and the rights and remedies of the other party upon a default shall continue and remain in full force and effect with respect to any subsequent breach, act or omission.

8.7 <u>Damages</u>. References in this Agreement to "damages" mean and refer to actual, direct damages and not consequential, punitive or exemplary damages, and each party agrees not to assert or pursue any claim for consequential, punitive or exemplary damages against the other party.

## ARTICLE 9 GENERAL

9.1 <u>Inspections, Audits</u>. Developer agrees to keep such operating records relating to the Public Works and Improvements as may be reasonably required by the Authority, or by state and federal law or regulation. Developer shall allow the Authority reasonable access to documents and records

## **DEVELOPMENT AGREEMENT**

This Development Agreement ("Agreement"), effective \_\_\_\_\_\_\_, 2022 ("Effective Date"), is made by and between HARDY/NEAR NORTHSIDE REDEVELOPMENT AUTHORITY ("Authority"), a local government corporation created and organized under the provisions of the Texas Transportation Corporation Act, Chapter 431, Transportation Code, acting by and through its governing body, the Board of Directors ("Authority Board") and acting on behalf of REINVESTMENT ZONE NUMBER TWENTY-ONE, CITY OF HOUSTON, TEXAS ("Zone"), a tax increment reinvestment zone created by the City of Houston, Texas ("City"), pursuant to Chapter 311 of the Texas Tax Code, as amended ("Act"), acting by and through its governing body, the Board of Directors ("Zone Board"), and MP WHITE OAK COMMERCIAL LLC, a Delaware limited liability company ("Developer").

## RECITALS

Pursuant to the Act, by Ordinance No. 2003-1258, passed and adopted by the City Council of the City ("City Council") on December 17, 2003, the City created the Zone.

The City approved the original project plan and reinvestment zone financing plan for the Zone ("Original Project and Financing Plan") by Ordinance No. 2008-1212, passed and adopted by City Council on December 30, 2008, and approved amendments to the Original Project and Financing Plan by Ordinance No. 2009-1272, passed and adopted by City Council on December 9, 2009, Ordinance No. 2012-710, passed and adopted by City Council on August 15, 2012, and Ordinance No. 2019-994, passed and adopted by City Council on December 4, 2019 (the Original Project and Financing Plan, together with all amendments thereto, "Project and Financing Plan").

By Resolution No. 2009-32, passed and adopted by City Council on November 10, 2009, the City authorized the creation of the Authority to aid, assist and act on behalf of the City in the performance of the City's governmental and proprietary functions with respect to the common good and general welfare of the area included in the Zone and neighboring areas.

The Act provides that the Zone Board may enter into agreements as the Zone Board considers necessary or convenient to implement the Project and Financing Plan and achieve its purposes.

The City, the Zone and the Authority have entered into that certain agreement approved by Ordinance No. 2009-1271, passed and adopted by City Council on December 9, 2009 ("Hardy/Near Northside Agreement"), pursuant to which the City and the Zone contracted with the Authority to administer the Zone including, but not limited to, the power to engage in activities relating to the acquisition and development of land, to construct and improve infrastructure in the Zone, to enter into development agreements with developers/builders in the Zone, and to issue, sell or deliver its bonds, notes or other obligations, in accordance with, and subject to the limitations set forth in, the Hardy/Near Northside Agreement.

Developer desires to proceed with the development of a project within the Zone consisting of multiple built structures making up approximately 10,000-20,000 square feet of commercial space to be leased for commercial purposes ("Project"), and in connection with the Project,

Developer plans to construct and install the Public Works and Improvements (as hereinafter defined).

The Authority Board has determined that it is in the best interest of the Zone and the Authority to contract with the Developer to enter into this Agreement to utilize the Available Tax Increment (as hereinafter defined) generated by the Project to reimburse certain costs of the Public Works and Improvements in order to provide for the efficient and effective implementation of certain aspects of the Project and Financing Plan.

Nothing in this Section 6.5(B) or in any other provision of this Agreement shall, however, be construed to require any such Lender to cure any Event of Default by the Developer under this Agreement.

(iii) The exercise of any rights or remedies of a Lender under its financing agreement with Developer, including the consummation of any foreclosure or deed in lieu of foreclosure, shall not constitute a default under this Agreement.

(iv) In the event any Lender acquires title to the Property through foreclosure of a mortgage, deed in lieu of foreclosure or otherwise, such Lender shall be deemed to be an assignee of the Developer under this Agreement provided that such Lender assumes in writing the obligations of the Developer hereunder. No Lender shall become liable under the provisions of this Agreement unless and until such time as it agrees in writing to assume the obligations of the Developer hereunder.

(v) From and after the date upon which the Authority receive a notice from the Developer or a Lender which identifies the particular Lender, the Authority shall not amend or modify this Agreement in any material respect without the prior written consent of the Lender covered by such notice.

In the alternative, the policy may contain an endorsement establishing a policy aggregate for the particular project or location subject to this Agreement.

F. <u>Subrogation</u>. Each policy must contain an endorsement to the effect that the issuer waives any claim or right of subrogation to recover against the Authority, its officers, agents, or employees.

G. <u>Primary Insurance Endorsement</u>. Each policy, except Workers' Compensation and Professional Liability (if any), must contain an endorsement that the policy is primary to any other insurance available to the additional insured with respect to claims arising under this Agreement.

The Authority shall never waive or be estopped to assert its right to terminate this Agreement because of its acts or omissions regarding its review of insurance documents.

K. <u>Other Insurance</u>. If requested by the Authority, Developer shall furnish adequate evidence of Social Security and Unemployment Compensation Insurance, to the extent applicable to Developer's operations under this Agreement.

## 7.2 <u>Indemnification and Release</u>.

DEVELOPER SHALL DEFEND, INDEMNIFY, AND HOLD THE CITY, THE AUTHORITY THEIR AGENTS, EMPLOYEES, OFFICERS, AND LEGAL AND THE ZONE. REPRESENTATIVES (COLLECTIVELY, THE "INDEMNIFIED PERSONS") HARMLESS FOR ALL CLAIM, CAUSES OF ACTION, LIABILITIES, FINES, AND EXPENSES (INCLUDING, WITHOUT LIMITATION, ATTORNEYS' FEES, COURT COSTS, AND ALL OTHER DEFENSE COSTS AND INTEREST) FOR INJURY, DEATH, DAMAGE, OR LOSS TO PERSONS OR PROPERTY SUSTAINED IN CONNECTION WITH OR INCIDENTAL TO PERFORMANCE UNDER THIS AGREEMENT, INCLUDING, WITHOUT LIMITATION, THOSE CAUSED BY:

A. DEVELOPER AND/OR ITS AGENTS', EMPLOYEES, OR OFFICERS' DIRECTORS', CONTRACTORS' OR SUBCONTRACTORS' (COLLECTIVELY "DEVELOPER'S) ACTUAL OR ALLEGED NEGLIGENCE OR INTENTIONAL ACTS OR OMISSIONS;

B. THE INDEMNIFIED PERSONS' AND DEVELOPER'S ACTUAL OR ALLEGED CONCURRENT NEGLIGENCE, WHETHER DEVELOPER IS IMMUNE FROM LIABILITY OR NOT; AND

C. THE INDEMNIFIED PERSONS' AND DEVELOPER'S ACTUAL OR ALLEGED STRICT PRODUCTS LIABILITY OR STRICT STATUTORY LIABILITY, WHETHER DEVELOPER IS IMMUNE FROM LIABILITY OR NOT.

## DEVELOPER SHALL DEFEND, INDEMNIFY, AND HOLD THE INDEMNIFIED PERSONS HARMLESS DURING THE TERM OF THIS AGREEMENT AND FOR FOUR YEARS AFTER THIS AGREEMENT TERMINATES.

Notwithstanding any other provision of this Section 7.2 or other provisions of this Agreement, (1) Developer's indemnification of all Indemnified Persons other than Zone directors is limited to \$1,000,000 per occurrence; and (2) Developer shall not be obligated to indemnify any Indemnified Person for the Indemnified Person's sole negligence; and (3) Developer shall not be obligated to indemnify any Indemnified Persons to the extent that any claims which might otherwise be subject to indemnification hereunder resulted, in whole or in part, from the gross negligence, recklessness or intentional act or omission of any Indemnified Person or Persons.

If an Indemnified Person or Developer receives notice of any claim or circumstance which could give rise to an indemnified loss, the receiving party shall give written notice to the other party within 10 days. The notice must include a description of the indemnification event in reasonable detail, the basis on which indemnification may be due, and the anticipated amount of the indemnified loss. This notice shall not estop or prevent an Indemnified Person from later asserting a different basis for indemnification or a different amount of indemnified loss than that indicated in the initial notice. If an Indemnified Person does not provide this notice within the 10

day period, it does not waive any right to indemnification except to the extent that Developer is prejudiced, suffers loss, or incurs expense because of the delay.

Developer shall assume the defense of the claim at its own expense with counsel chosen by it that is reasonably satisfactory to the Indemnified Person. Developer shall then control the defense and any negotiations to settle the claim. Within 10 days after receiving written notice of the indemnification request, Developer shall advise the Indemnified Person as to whether or not it will defend the claim. If Developer does not assume the defense, the Indemnified Person shall assume and control the defense, and all defense expenses incurred by it shall constitute an indemnification loss.

If Developer elects to defend a claim, the Indemnified Person may retain separate counsel at the sole cost and expense of such Indemnified Person to participate in (but not control) the defense and to participate in (but not control) any settlement negotiations. Developer may settle the claim without the consent or agreement of the Indemnified Person, unless the settlement (i) would result in injunctive relief or other equitable remedies or otherwise require the Indemnified Person to comply with restrictions or limitations that adversely affect the Indemnified Person, (ii) would require the Indemnified Person to pay amounts that Developer does not fund in full, or (iii) would not result in the Indemnified Person's full and complete release from all liability to the plaintiffs or claimants who are parties to or otherwise bound by the settlement.

DEVELOPER RELEASES EACH INDEMNIFIED PERSON FROM ALL LIABILITY FOR INJURY, DEATH, DAMAGE, OR LOSS TO PERSONS OR PROPERTY SUSTAINED IN CONNECTION WITH OR INCIDENTAL TO PERFORMANCE UNDER THIS AGREEMENT, EVEN IF THE INJURY, DEATH, DAMAGE, OR LOSS IS CAUSED BY PERSON'S CONCURRENT NEGLIGENCE THE INDEMNIFIED AND/OR THE INDEMNIFIED PERSON'S STRICT PRODUCTS LIABILITY OR STRICT STATUTORY LIABILITY, BUT NOT SUCH INDEMNIFIED PERSON'S SOLE NEGLIGENCE OR FROM ANY DAMAGE OR LOSS TO THE EXTENT RESULTING FROM THE GROSS NEGLIGENCE, RECKLESSNESS OR INTENTIONAL ACT OR OMISSION OF THE INDEMNIFIED PERSON.

DEVELOPER SHALL REQUIRE ALL CONTRACTORS ENGAGED BY IT TO CONSTRUCT PUBLIC WORKS AND IMPROVEMENTS (AND THEIR SUBCONTRACTORS) TO RELEASE AND INDEMNIFY THE INDEMNIFIED PERSONS TO THE SAME EXTENT AND IN SUBSTANTIALLY THE SAME FORM AS ITS RELEASE OF AND INDEMNITY TO THE INDEMNIFIED PERSONS HEREUNDER.

7.3 <u>RELEASE</u>. DEVELOPER SHALL ALSO REQUIRE THAT ALL GENERAL CONTRACTORS INDEMNIFY THE CITY, THE AUTHORITY, AND THE ZONE AND THEIR RESPECTIVE OFFICIALS AND EMPLOYEES FROM AND AGAINST ANY AND ALL CLAIMS, LOSSES, DAMAGES, CAUSES OF ACTION, SUITS AND LIABILITIES ARISING OUT OF SUCH CONTRACTOR'S WORK AND ACTIVITY RELATED TO THE PUBLIC WORKS AND IMPROVEMENTS.

## ARTICLE 8 DEFAULT AND REMEDIES

8.1 <u>Default by Developer</u>. Each of the following events shall constitute an "Event of Default" of the Developer under this Agreement:

A. The failure of Developer to Commence Construction of the Project or Commence Construction of the Public Works and Improvements pursuant to the terms hereof;

B. The failure of Developer to perform any of its obligations hereunder in compliance with this Agreement, including but not limited to its obligations contained in Article 4 and Article 6 of this Agreement, within thirty (30) days after notice of such failure by the Authority to Developer; or

C. Developer filing a petition under any section of the Federal Bankruptcy Code, or any similar state or federal law, making an assignment for the benefit of creditors, or being adjusted bankrupt or insolvent.

8.2 <u>Remedies Upon Default by Developer</u>. Upon the occurrence and during the continuance of an Event of Default of the Developer, the Authority shall have the right, upon written notice to the Developer, to terminate this Agreement in its entirety and shall have no further obligations hereunder, including to provide any reimbursement from the Authority Contribution pursuant to Section 6.3, unless Developer has caused the Event of Default to be cured before the Authority delivers written termination of this Agreement to Developer.

8.3 <u>Default by the Authority</u>. The Authority shall be in default hereunder (each an "Event of Default") if the Authority fails to perform its obligations hereunder within thirty (30) days after notice of such failure by the Developer to the Authority.

8.4 <u>Remedies Upon Default by the Authority</u>. Upon the occurrence of an Event of Default by the Authority and while such remains uncured, Developer may, upon thirty (30) days additional written notice to the Authority, terminate this Agreement, or pursue any and all remedies available to it at law or in equity including, without limitation, damages (but excluding the remedy of specific performance, which is hereby expressly waived).

8.5 <u>Cumulative Remedies</u>. Except as otherwise provided in this Agreement, each right or remedy of the parties provided for in this Agreement shall be cumulative of and shall be in addition to every other right or remedy of the parties provided for in this Agreement, and, except as otherwise provided in this Agreement, the exercise or the beginning of the exercise by any party of any one or more of the rights or remedies provided for in this Agreement shall not preclude the simultaneous or later exercise by any party of any or all other rights or remedies provided for in this Agreement.

8.6 <u>No Waiver</u>. No failure or delay of either party in any one or more instances (a) in exercising any power, right or remedy under this Agreement, or (b) in insisting upon the strict performance by the other party of such other party's covenants, obligations or agreements under this Agreement shall operate as a waiver, discharge or invalidation thereof, nor shall any single or partial exercise of any such right, power or remedy or insistence on strict performance, or any

abandonment or discontinuance of steps to enforce such a right, power or remedy or to enforce strict performance, preclude any other or future exercise thereof or insistence thereupon or the exercise of any other right, power or remedy. The covenants, obligations, and agreements of a defaulting and the rights and remedies of the other party upon a default shall continue and remain in full force and effect with respect to any subsequent breach, act or omission.

8.7 <u>Damages</u>. References in this Agreement to "damages" mean and refer to actual, direct damages and not consequential, punitive or exemplary damages, and each party agrees not to assert or pursue any claim for consequential, punitive or exemplary damages against the other party.

## ARTICLE 9 GENERAL

9.1 <u>Inspections, Audits</u>. Developer agrees to keep such operating records relating to the Public Works and Improvements as may be reasonably required by the Authority, or by state and federal law or regulation. Developer shall allow the Authority reasonable access to documents and records in Developer's possession, custody or control that the Authority deems necessary to assist the Authority in determining Developer's compliance with this Agreement.

9.10 <u>Venue</u>. 9.11 <u>Waiver of Jury Trial</u>. The parties covenant and agree not to elect a trial by jury with respect to any issue arising under this Agreement triable by a jury and waive any right to trial by jury to the extent that any such right shall now or hereafter exist.

9.12 <u>Entire Agreement</u>. THIS WRITTEN AGREEMENT REPRESENTS THE FINAL AGREEMENT BETWEEN THE PARTIES AND MAY NOT BE CONTRADICTED BY EVIDENCE OF PRIOR, OR SUBSEQUENT ORAL AGREEMENTS OF THE PARTIES. THERE ARE NO UNWRITTEN ORAL AGREEMENTS BETWEEN THE PARTIES.

9.13 <u>Term</u>. Subject to earlier termination as provided herein, this Agreement shall be in force and effect from the Effective Date for a term expiring on the earlier of (i) the date that the Authority Contribution has been paid in full or (ii) the Outside Contribution Date (the "Term"). Notwithstanding the expiration of the term or earlier termination of this Agreement, provisions of this Agreement and the Maintenance Agreement that contemplate performance after the expiration or termination of this Agreement and the obligations of the parties not fully performed at the expiration or termination of this Agreement (including, if applicable, the Authority's payment to Developer of the final annual installment from the Available Tax Increment for tax year 2040, as provided in Section 6.3) shall not be deemed to be waived or merged into any documents executed prior to or on the expiration or termination of this Agreement.

9.14 <u>Approval by the Parties</u>. Whenever this Agreement requires or permits approval or consent to be hereafter given by any of the parties, the parties agree that such approval or consent shall not be unreasonable withheld or delayed.

# The Major Thoroughfare and Freeway Plan (MTFP) Amendment Review Process

**Vision:** The City of Houston's Major Thoroughfare and Freeway Plan identifies a multimodal network for access and connectivity. This network forms the basis for preserving existing mobility in developed areas and accommodating future mobility in un/underdeveloped areas.

January 4 - February 25	Mandatory pre-submittal conference with Transportation staff
	This will give all parties an opportunity to fully understand the request, the process, and the limitations of the MTFP. This meeting will also help to determine if modifications to the application are necessary.
January 10 - March 4	Application submittal period
	Applications delivered after 5:00 p.m. on <b>March 4</b> will not be accepted. If a pre- submittal conference with staff has not been held during the allotted time period, the application will not be accepted.
March 7	Multiple County MTFP Coordination
	Staff will begin coordination with other counties MTFP processes.
April - May	Notification Package (Applicants will be charged a notice fee for each envelope and stamp notification)
	Coordinate with staff for notification package.
May 12	The Planning Commission Workshop
	This is an opportunity for the applicant and the staff to present the proposed amendment to the Planning Commission. An open dialogue between the applicant, staff, and the Commission members allows better understanding of the cases. Staff will describe the MTFP amendment process and provide an update on public comments. The applicant will introduce their proposed amendment request. During the Workshop, the Commissioners may ask questions of the applicant or staff and may request that certain information be researched and incorporated in technical reports that follow. Any proposed alternatives or changes considered by staff may also be presented.
May 16 – May 27	Notice of an open house and of a public hearing before the Planning Commission is mailed and run in the newspaper Mailing information includes a Preliminary Report developed by the staff. Applicants will be charged notice fee for each envelope and stamp notification.
June 15	An open house is held
	Attended by applicants, staff, interested residents, and Planning Commissioners. Residents can visit with each applicant to review maps and documents. Staff will be available to answer any questions regarding staff's research. Information about any amendments being proposed by staff may also be available.
July 21	Public Hearing is held before the Planning Commission
September 1	Planning Commission votes on staff recommendations
September 30	Amendments are forwarded to City Council for adoption

## DESCRIPTION OF SUBMITTAL REQUIREMENTS (DUE AT TIME OF APPLICATION SUBMITTAL)

- 1. <u>Completed Application Form</u> Complete all information on the application form on the previous page.
- 2. Letter to Director of Planning & Development Department Note: This official letter is important, but you will also need to state your justification on the application. The letter to the Director may be posted on the website and may be viewed by residents, agency representatives and elected officials. It should be comprehensive and written in a manner to be easily understood by these audiences. It is strongly recommended that the letter's content address the following:
  - How does the current and proposed alignments pose restrictions that hinder development, either on the property of the applicant or adjacent property owners?
  - Is your amendment consistent with the City's plans/adjacent municipalities' plans?
    - For amendments within the City of Houston limits, consider the City's Complete Streets Executive Order and how the amendment(s) will improve mobility and access for all users of Houston's transportation network. Any amendments for roadways within the City of Houston should take into consideration recommendations from the Bicycle Master Plan, METRO's Transit Plan, Vision Zero, The Walkable Places and Transit Oriented Development Ordinance, the overall context of the street, and the vision of the area or the corridor as proposed in previous planning studies (i.e., sub-regional mobility studies or livable center studies). See page 6, "Resources."
  - Does your amendment increase safety and multimodal options by providing sufficient width?
  - Does your amendment improve drainage/reduce flooding?
  - Is your amendment supported by the community and adjacent landowners?
  - Does this site have any previous Planning Commission decisions still in effect?
  - Does your amendment preserve the existing street network? (developed areas)
  - Does your amendment preserve future corridors for transportation system development?

(un/underdeveloped areas)

PLANNING & DEVELOPMENT DEPARTMENT

- Any impacts and the proposed mitigation of any adverse impacts on existing thoroughfares, the environment, and the area surrounding the amendment must be addressed using appropriate studies, reports, and maps.
- Explain, justify, and demonstrate the merits of the proposal to amend the MTFP, including how it addresses the broader goals and objectives of the MTFP and how it will impact the overall transportation system.
  - Keep in mind when determining your amendment request, that it is the general policy of the Planning Commission and the staff to make all reasonable efforts to maintain the original integrity of the plan, and its basic theory and to keep changes and revisions to a minimum. This policy maintains the plan's continuity and ensures confidence in the plan's long-range implementation by private landowners, developers, and sub dividers, as well as other governmental agencies charged with the responsibility of constructing facilities illustrated in the plan. Refer to the MTFP Policy Statement on the website (see page 6, "Resources").
- State why your proposal must be considered this year, and how lack of consideration would impede plans to develop your property.
- 3. <u>Area Map</u> Must illustrate the existing MTFP alignment and how the proposed change would affect the thoroughfare pattern in the general area at a scale of 1" = 1,000 ft. This map must also show current property ownership of those landowners affected by the proposal. In certain instances, staff may also request a survey of the area.
- Scaled Area Map on 8 ½" X 11" Paper Must illustrate the existing MTFP alignment and how the proposed change would affect the thoroughfare pattern in the general area. This map must fit on 8 ½" x 11" sized paper.
- 5. Proposed Alignments and Exhibits in Digital Format A GIS shapefile of the proposed (re)alignment is required. Shapefiles should be created by copying the most recent City of Houston MTFP layer package available <u>online</u>, editing the spatial data relevant to the request and repackaging. If there are several different requests, each request should be an independent line within the attribute table. Applicants must include the five fields shown below in the attribute table (see the table below for an example). Provide any other exhibits or data that are relevant to the request (ex. floodplain based on TSARP map, aerial exhibits, pipelines, etc.) See page 6, "Resources," for more information.

Tax Increment Reinvestment Zone ("TIRZ") Number Twenty-One

March 3, 2022

Margaret Wallace Brown Director Planning and Development Department City of Houston 611 Walker Street Houston, Texas 77002

Ms. Brown, we write this letter to you as accompaniment to our 2022 MTFP Application requesting the removal of the dotted red line connecting Fulton Street to San Jacinto Street. We word it this way as the alignment mentioned above does not exist today and is depicted as a dotted red line in the MTFP indicating a proposed elevated structure over the Union Pacific rail tracks immediately south of the southern terminus of Chapman Street and shown connecting the northern terminus of San Jacinto to the southern terminus of Fulton Street.

We will address each of the required justifications referenced in the MTFP Application in this letter, but first wanted to provide context and background information related to how and why a proposed elevated structure at that location was first included in the MTFP in 2010, and why conditions today no longer warrant the facility.

In 2008, the City facilitated a reimbursement with CR V Hardy Yards L.P. ("Cypress") to remediate a 50 acre brownfield site formerly used by Union Pacific ("UP") as a rail yard. The City created the Near Northside Authority ("Authority") in 2009, and pledged TIRZ 21 tax increments as the funding source to reimburse the developer for their costs. At that time, Cypress proposed to construct a mixed-use development on the site and desired a direct vehicular connection to the Central Business District. Both the City and Cypress identified an overpass over the rail tracks connecting Fulton Street to San Jacinto and memorialized reimbursement for the infrastructure costs into a Development Agreement between the Authority and Cypress (see Exhibit 1 and 1A). Also note Exhibit 1A, <u>Offsite Public Improvements</u>, included costs for San Jacinto Bridge Improvements and cost for right-of-way acquisition but did not contemplate the purchase of an aerial easement from UP. When the City and the developer attempted to purchase the aerial easement from Cypress could fund the purchase of the easement, and the initiative was abandoned.

In 2013, the City and Cypress subsequently Amended the Development Agreement, removed the San Jacinto Bridge from the Agreement, and replaced it with the Hernandez Tunnel Project (see Exhibit 2 and 2A). Note the project cost included on Exhibit 2A contemplate the removal of the northern portion of the Hernandez Tunnel, removal of the grade separation at Burnett Street and Main Street; and replaced it with an at-grade intersection at Burnett Street and Main Street and the reconstruction of Burnett Street to Hardy Street. If one drives out there today, they will see that is what got built. Additionally, as of the most recent Audit of the Authority (FY21) dated June 30, 2021, the remaining balance owed to Cypress for the reimbursement at Hardy Yards is \$6,004,992.00 (See Exhibit 3 and 3A). However, when the Zone terminates on December 31, 2040, the total remaining increment paid to Cypress will be \$4,687,085.00 (see Exhibit 4). Thus, the Zone will terminate, and Cypress will never be fully reimbursed for their cost to remediate the site, reconstruct Burnett Street and the Hernandez Tunnel. We point this out as the San Jacinto Bridge, as originally included in the MTFP Plan in 2010 was intended to be a TIRZ funded project. Additionally, as previously mentioned, there will be no second opportunity for the Zone to fund a second major infrastructure project at that location prior to termination.

In the decade plus since the San Jacinto Bridge project was abandoned multiple significant mobility projects have been constructed, are under construction, or completing the design process in this immediate vicinity, including the METRO Fulton/North Central NB Rail Alignment, the Elysian Viaduct Project, the North Highway Improvement Project ("NHHIP"), and the Hardy Toll Road Connector Project. Collectively all these projects are located within a narrow 3.5-mile-wide band of each other and will provide sufficient capacity utilizing multiple modes of transportation well into the next century (see Exhibit 5). Additionally, these projects did not contemplate a Bridge at this location. For example, if you compare the proposed alignment of the San Jacinto Bridge as represented in the MTRP and the future elevated TxDOT I-10 lanes at that same location you will see two proposed elevated structures are being proposed to be constructed in the same place, one north to south and one east to west (see Exhibits 6 and 6A). Additionally, as a Tax Increment Reinvestment Zone, we get notifications when properties are taken off the tax rolls, and we know the proposed San Jacinto Bridge right-of-way needed for the bridge abutments has now been purchased by TxDOT for their use on the NHHIP.

Finally, an Overpass connecting Fulton Street to San Jacinto infers connection to points northward via the construction of a Major Thoroughfare on Fulton Street within the limits of the Near Northside. METRO's Fulton/North Central NB Rail Alignment, constructed in 2013 now occupies Fulton Street. Extending a Major Thoroughfare on Fulton Street could only be accomplished by razing dozens of homes and displacing hundreds of residents (see Exhibits 7, 7A, 7B,7C), as the METRO facility now occupies the former vehicular lanes of Fulton Street. As much of the existing single-family homes is oriented north to south on 100' x 50' parcels, this could only be accomplished by use of condemnation as

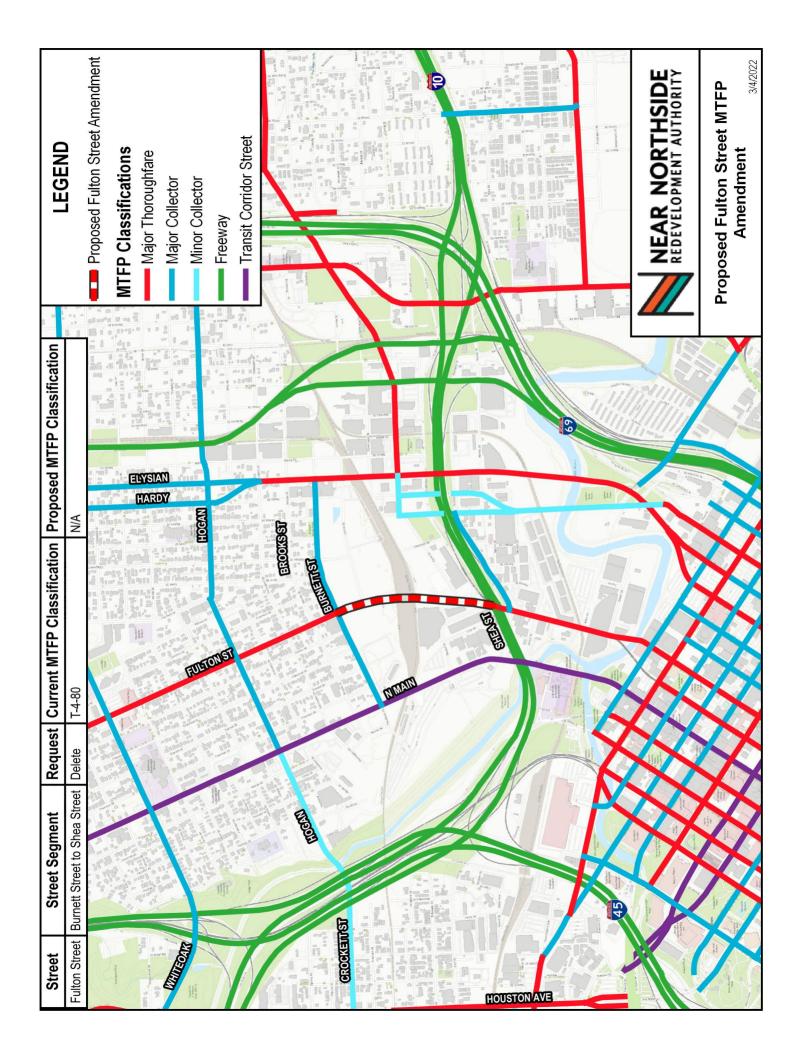

the taking would need to be approximately four homes per block face on an alignment that stretched from Burnett Street to the 610 Loop.

The Near Northside community has endured each of the previously described mobility projects over the past decade and yet continues to preserve its integrity as a walkable, bicycle accessible community immediately adjacent to Downtown Houston. The City confirmed this upon adoption of The City of Houston User's Guide for Walkable Places and Transit Oriented Development and by designating, by Ordinance, the Hogan-Lorraine Corridor as such. Today, the Hogan-Lorraine Corridor is a tight compact vibrant pedestrian experience undergoing a renaissance of activity as new residents move to the Near Northside. Bisecting it with a Major Thoroughfare would destroy its further transition into a neighborhood oriented walkable place.

Please note submittal of this Application was included on the January 24, 2022, Near Northside Redevelopment Authority Agenda and is wholly supported by the Board of Directors.

Tax Increment Reinvestment Zone ("TIRZ") Number Twenty-One

Justification for Removal of San Jacinto/Fulton Overpass over Union Pacific Rail Road in the Near Northside.

- In 2008, the City facilitated a reimbursement with CR V Hardy Yards L.P. ("Cypress") to remediate a 50 acre brownfield site formerly used by Union Pacific ("UP") as a rail yard. The City created the Near Northside Authority ("Authority") in 2009, and pledged TIRZ 21 tax increments as the funding source to reimburse the developer for their costs. At that time, Cypress proposed to construct a mixed-use development on the site and desired a direct vehicular connection to the Central Business District. Both the City and Cypress identified an overpass over the rail tracks connecting Fulton Street to San Jacinto and memorialized reimbursement for the infrastructure costs into a Development Agreement between the Authority and Cypress (see Exhibit 1 and 1A). Also note Exhibit 1A, <u>Offsite Public Improvements</u>, included costs for San Jacinto Bridge Improvements and cost for right-of-way acquisition but did not contemplate the purchase of an aerial easement from UP. When the City and the developer attempted to purchase the aerial easement from UP the cost for same was valued by UP in the millions of dollars and neither the City nor Cypress could fund the purchase of the easement, and the initiative was abandoned.
- In 2013, the City and Cypress subsequently Amended the Development Agreement, removed the San Jacinto Bridge from the Agreement, and replaced it with the Hernandez Tunnel Project (see Exhibit 2 and 2A). Note the project cost included on Exhibit 2A contemplate the removal of the northern portion of the Hernandez Tunnel, removal of the grade separation at Burnett Street and Main Street; and replaced it with an at-grade intersection at Burnett Street and Main Street and the reconstruction of Burnett Street to Hardy Street. If one drives out there today, they will see that is what got built. Additionally, as of the most recent Audit of the Authority (FY21) dated June 30, 2021, the remaining balance owed to Cypress for the reimbursement at Hardy Yards is \$6,004,992.00 (See Exhibit 3 and 3A). However, when the Zone terminates on December 31, 2040, the total remaining increment paid to Cypress will be \$4,687,085.00 (see Exhibit 4). Thus, the Zone will terminate, and Cypress will never be fully reimbursed for their cost to remediate the site, reconstruct Burnett Street and the Hernandez Tunnel. We point this out as the San Jacinto Bridge, as originally included in the MTFP Plan in 2010 was intended to be a TIRZ funded project. Additionally, as previously mentioned, there will be no second opportunity for the Zone to fund a second major infrastructure project at that location prior to termination.
- In the decade plus since the San Jacinto Bridge project was abandoned multiple significant mobility projects have been constructed, are under construction, or completing the design process in this immediate vicinity, including the METRO Fulton/North Central NB Rail Alignment, the Elysian Viaduct Project, the North Highway Improvement Project ("NHHIP"), and the Hardy Toll Road Connector Project. Collectively all these projects are

located within a narrow 3.5-mile-wide band of each other and will provide sufficient capacity utilizing multiple modes of transportation well into the next century (see Exhibit 5). Additionally, these projects did not contemplate a Bridge at this location. For example, if you compare the proposed alignment of the San Jacinto Bridge as represented in the MTRP and the future elevated TxDOT I-10 lanes at that same location you will see two proposed elevated structures are being proposed to be constructed in the same place, one north to south and one east to west (see Exhibits 6 and 6A). Additionally, as a Tax Increment Reinvestment Zone, we get notifications when properties are taken off the tax rolls, and we know the proposed San Jacinto Bridge right-of-way needed for the bridge abutments has now been purchased by TxDOT for their use on the NHHIP.

- Finally, an Overpass connecting Fulton Street to San Jacinto infers connection to points northward via the construction of a Major Thoroughfare on Fulton Street within the limits of the Near Northside. METRO's Fulton/North Central NB Rail Alignment, constructed in 2013 now occupies Fulton Street. Extending a Major Thoroughfare on Fulton Street could only be accomplished by razing dozens of homes and displacing hundreds of residents (see Exhibits 7, 7A, 7B,7C), as the METRO facility now occupies the former vehicular lanes of Fulton Street. As much of the existing single-family homes is oriented north to south on 100' x 50' parcels, this could only be accomplished by use of condemnation as the taking would need to be approximately four homes per block face on an alignment that stretched from Burnett Street to the 610 Loop.
- The Near Northside community has endured each of the previously described mobility projects over the past decade and yet continues to preserve its integrity as a walkable, bicycle accessible community immediately adjacent to Downtown Houston. The City confirmed this upon adoption of The City of Houston User's Guide for Walkable Places and Transit Oriented Development and by designating, by Ordinance, the Hogan-Lorraine Corridor as such. Today, the Hogan-Lorraine Corridor is a tight compact vibrant pedestrian experience undergoing a renaissance of activity as new residents move to the Near Northside. Bisecting it with a Major Thoroughfare would destroy its further transition into a neighborhood oriented walkable place.

### HARDY/NEAR NORTHSIDE REDEVELOPMENT AUTHORITY NOTES TO THE FINANCIAL STATEMENTS JUNE 30, 2021

#### NOTE 8. DEVELOPMENT AGREEMENT

The Authority has entered into a Development Agreement dated March 4, 2010, and as amended on May 14, 2012, with CR V Hardy Yards, L.P. ("Hardy Yards LP"), the owner of property located within the Hardy/Near Northside Zone. Hardy Yards LP is responsible for the inspection, supervision and management of the construction and installation of the improvements to the Hardy/Near Northside Zone. The improvements are to be made in accordance with the terms of the Development Agreement and amendment thereto and relevant City ordinances or procedures.

The Authority shall reimburse Hardy Yards LP for the amount of actual project costs incurred plus accrued interest. Hardy Yards LP is responsible for determining that project costs are eligible in accordance with terms defined in the Developer Reimbursement Agreement and amendment thereto. The costs to be reimbursed are not to exceed \$33,312,000 as noted in the original agreement. Included in the original reimbursable amount were costs related to the purchase or condemnation of right-of-way for the San Jacinto Street Extension Project in the amount of \$2,700,000. During fiscal year 2012, an ordinance was passed that authorized the appropriation of \$2,033,223 out of the Woodlands Regional Participation Fund to fund these costs.

The Authority will utilize available tax increments in order to reimburse Hardy Yards LP for the costs incurred until all project costs have been fully reimbursed. Hardy Yards LP has no right to claim any reimbursement other than from available tax increment or bond proceeds.

As of June 30, 2021, Hardy Yards LP has incurred a total of \$7,849,582 in development costs on behalf of the Authority. The Authority has reimbursed the Developer \$1,844,590, of which \$442,894 was reimbursed during the fiscal year ended June 30, 2021, leaving a balance of \$6,004,992 due to the Developer at June 30, 2021. The total is comprised of \$4,316,310 for onsite public improvements and \$1,688,682 for offsite public improvements.

#### NOTE 9. CAPITAL ASSETS – DEVELOPMENT COSTS

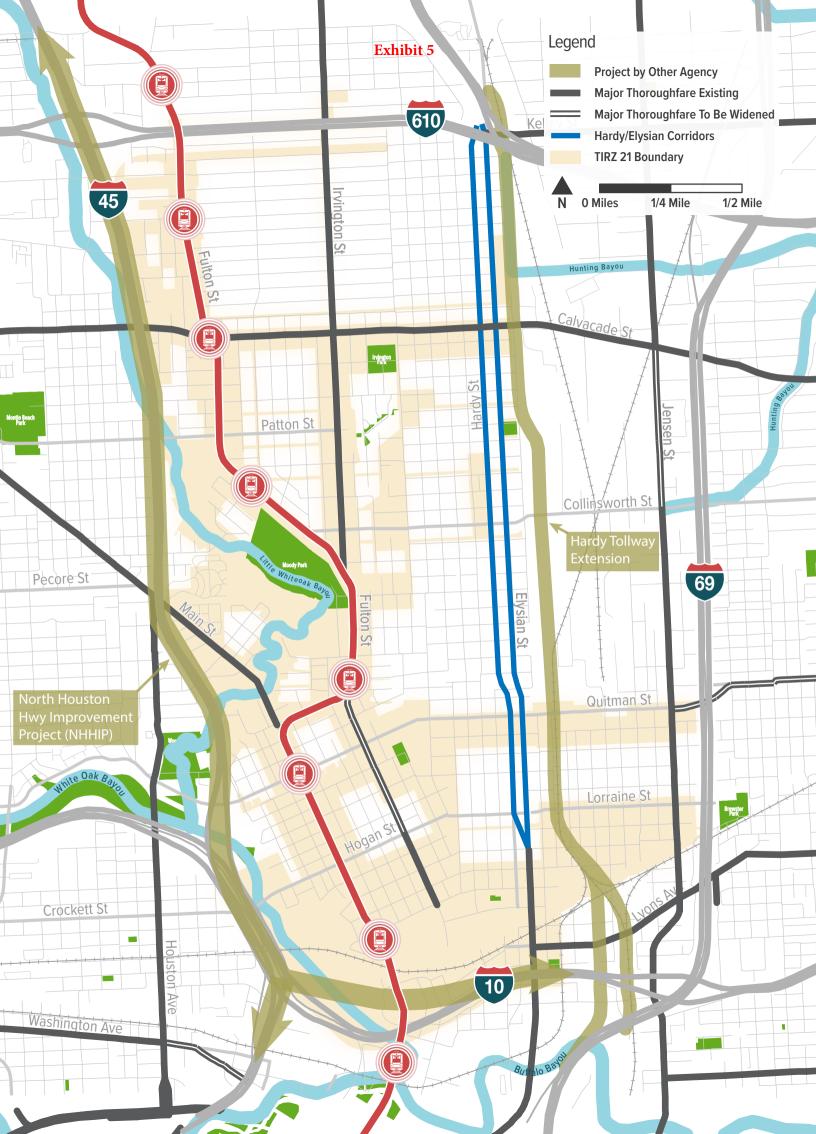

During the fiscal year ended June 30, 2021, the Authority did not incur development costs with Central Houston Civic Improvement for planning and design work in connection with a project for a hike and bike trail within the Zone. Cumulative costs for this project as of June 30, 2021, totaled \$123,022.

During the fiscal year ended June 30, 2021, Hardy Yards LP did not incur development costs related to onsite and offsite public improvements within the boundaries of the Authority. The project has been completed and assets were conveyed to the City of Houston for maintenance and operation. The Authority will reimburse the Developer for project costs in the amount of the actual costs of the public improvements to the extent that the Developer's project generates tax increment revenues.
